## BRYAN ENCOURAGED OVER RESULTS OF ELECTIONS

Lincoln, Neb., Nov. 10.—Commenting on the result of the election, W. J. Bryan gets considerable satisfaction in viewing the outcome from a democratic standpoint.

He regrets the defeat of Mr. Hearst in New York, but cannot see wherein President Roosevelt can find any comfort in the vote of the Empire state. Mr. Bryan states that the President's personal attack did not favorably impress the public.

Particularly gratifying to the democratic heart, says Mr. Bryan, is the return of Missouri to the fold.

"The election of 1906," said Mr. Bryan last night, "indicates a trend in favor of the democratic party. It

proves that the democratic party is growing stronger as republican policies are developed. In New York the party has won a significant victory in spite of the tremendous efforts put forth in behalf of the Administration. The republicans had all the money they wanted; they had the support of all the great corporations and at the close they had whatever influence the Administration could lend. The fact that the democrats elected every state officer excepting the governor shows that in the empire state the republican party has been repudiated.

"The democratic gain in congress has not been as great as the party expected, but they have been sufficient to make it probable that the democrats will control the congress to be elected in 1906.

"In Iowa, Kansas and California the democrats made a splendid fight for their gubernatorial tickets. The reduction of Governor Cummin's majority from more than 70,000 to about 20,000 puts Iowa in the doubtful states for two years hence. Kansas and California can no longer be claimed as entirely republican.

"The victory in Missouri will bring joy to every democratic heart. A wail when up when Missouri dropped out of the democratic column two years ago. Her return is greeted with wide-spread rejoicing. Oklahoma the new state comes in with a rousing democratic majority.

"The constitution will be written by democrats and she will send two senators to fight in the interest of wealth producers. Democracy welcomes Oklahoma to a seat near the head of the table.

"In Nebraska the democrats hoped with the aid of the populists to elect their state ticket and their candidate for United States senator. In this they failed, but they have made substantial gains throughout the state, as shown by the vote on congressman."

#### For State Treasurer

As the smoke clears away from the first big battle, one of the first to announce for a new state office is Hon. J. A. Menefee of Carnegie, Ok., who seeks to be the first state treasurer. Mr. Menefee is at present a member of the upper house of the Oklahoma legislature and is the treasurer of the state democratic campaign committee.

## FRANTZ' ABSENCE DELAYS CANVASS OF RETURNS

Guthrie, Okla., Nov. 10.—The absence of Gov. Frantz from Guthrie yesterday prevented the canvassing of the election returns as had been the intention. The governor is on a hunting trip with two army officers who are visiting in the territory and may not return for several days. Because of the fact that the constitutional convention will meet on Nov. 20, it was the desire of the board to canvass the returns as quickly as possible and thus insure the completion of the work by the time the convention meets. The governor's absence, however, postpones any action whatever.

A statement that the election commission named by the governor would canvass the returns was thought correct at the time, but a study of the statute shows that the canvassing will be done by a regularly prescribed board, composed of Gov. Frantz, Attorney General Cromwell and Secretary Chas. H. Filson, all republicans. The work of the appointive board ceased when it completed the ballot to be voted upon last Tuesday.

The number of the candidates for president of the constitutional convention is today increased to seven, the two new candidates being D. S. Rose, the Blackwell attorney, and John B.

Harrison, of Cheyenne, who was a senator in the legislature of 1903. In connection with clerkships in the convention, the name of U. S. Russell, editor of the McAlester Capital, for chief clerk, is mentioned, and that of Major W. W. Vandiver, of Coweta, for reading clerk. W. A. Durant, a full-blood Choctaw, and Paul Michael, of Enville, in the Chickasaw nation are candidates for sergeant at arms.

## BAPTISTS AMALGAMATE—IMPRESSIVE CEREMONY

Shawnee, Okla., Nov. 10.—The Indian Territory Baptist assembly completed its work yesterday at the First Baptist church and adopted a resolution to unite with the Oklahoma assembly, which was in session at the M. E. church, South. The Indian Territory assembly, consisting of several hundred members, forming a double procession three blocks long, then marched west on Ninth street to Main and Beard, where they were met by the Oklahoma assembly, equally as strong, that assembly having previously adopted the resolution of amalgamation. As the two bodies of ministers and laymen met, the spaces between the marchers were widened and the two united, first an Oklahoman, then an Indian Territory delegate, all down the line, thus typifying their perfect union as the great Oklahoma Baptist assembly, with 1,600 delegates.

As no church in the city is large enough to accommodate the entire joint assembly and the crowds of spectators, the Becker theatre was pressed into service, and the remainder of the services were held there.

The last sessions of the two assemblies before they amalgamated were stirring in the extreme. Little sorrow pervaded them at the thought that as individual assemblies they were to pass away, but there was a profound joy in the fact that they would henceforth be

united as one of the strongest and greatest bodies of christian workers in the country.

Last evening the superintendent in charge of a number of children from the orphan's home arrived and the work of the home was taken up.

The assembly will continue until Monday night, and besides the election of officers, appointments of committees and other business there will be a number of addresses by the best sermonizers in the Baptist church. Sunday will be wholly devoted to the work of the Master.

## DESPERATE BATTLE BETWEEN RANGERS AND MEXICANS

Laredo, Texas, Nov. 10.—Word has reached this city that while enroute from San Francisco to Rio Grande Thursday night, Capt. McDonald and four rangers were ambushed by a pitched battle in the immediate vicinity resulting in the death of four Mexicans and the wounding of another.

Two of the attacking party were arrested and placed in jail.

The driver of the stage in which the Rangers were riding was shot thru the shirt by one of the bandits but escaped unhurt.

Capt. McDonald was en route to Rio Grande City with his rangers under special orders of the Adjutant General to investigate the assassination of Judge Stanley Welch, which occurred on election day, and which is believed to have been the result of political animosity.

Having secured two of the desperadoes, it is probable a clew may now be discovered that will lead to the arrest

of the conspirators responsible for the death of Judge Welch.

#### METHODIST CHURCH BUILDING.

Imposing Edifice Rapidly Nearing Completion.

While it will be several weeks yet before the new Methodist church building at the corner of Townsend and 14th will be completed, the work is progressing rapidly and the structure has already attained the dignity of an imposing edifice.

The walls and other basic portions have been completed. It bids fair to soon be Ada's handsomest ornament. Justly this will be an object of pride to the Methodist congregation and the pastor who have labored so faithfully for its realization.

This splendid house of worship will establish a standard for other public buildings in Ada—for church buildings, for school buildings and other edifices to come. It will be a high standard.

## WILL SELL DEAD CLAIMS ACCORDING TO NEW LAW

Muskogee, Nov. 10.—Beginning Monday, Nov. 12, the land sales division of the Indian agency will list for sale the first of the inherited Indian lands or what is known as "dead claims." All of the dead Indian claims in Indian Territory will be sold from time to time, in which fullblood heirs wish to sell.

The first list to be sold includes nine Creek allotments and one Choctaw. There has been a great deal of difficulty getting the sales started, owing to the fact that in many cases the department has not been able to establish clearly the proper heirs.

Great care is being taken along this line. The names of the heirs are taken from the records of the Commissioner to the Five Civilized Tribes, and affidavits are furnished to the petitioners. This is then checked over thoroughly and if any doubt exists as to who are the missing heirs or petitioners, the land is not posted.

These lands will be sold in tracts of 160 acres in the Creek and Seminole nations, 90 acres in the Cherokee nation and 320 acres in the Chickasaw and Choctaw nations.

It is believed the land offered in tracts of this size will be eagerly sought after and bidding will be lively. Those who buy in this manner will have a perfectly clear title.

This condition was brought about by the law passed by the last congress. The land is advertised for sixty days and then sold under sealed bids, provided the bids exceed the appraised value of the land.

It is believed that practically all of the dead Indian claims will be sold in this way.

For the past several months there has been little land sold at the agency. In many cases there was not a single tract listed. This is due to the fact that hundreds of restrictions have been removed thru the regular channels of the department and because of the opening of the big pasture in Oklahoma.

Following the decision of the supreme court in the White Man's Case, Commissioner Bixby has issued an official order to the effect that all inter-married citizens of the Cherokee nation who were excluded from allotment by the decree of the court and who have applied for an allotment of land on behalf of themselves in that

nation may appear before the commissioner and have their selection for allotment designated as the allotment of any member of their immediate family. The selections of all such citizens have been held by the commissioner pending the decision of the supreme court to which body the case has been appealed.

A cold taken at this time of the year is generally hard to get rid of but it will not be able to withstand Bee's Laxative Honey and Tar. That will cure all colds, coughs, croup, whooping cough, etc., by driving them out through the bowels. If you have a cold try it and if not cured get your money back. No opiates. For sale by G. M. Ramsey.

DEMOCRACY'S RESPONSIBILITY.

It can not be denied that democracy's defeat of republicanism in the new state is a crushing one. There may be enthusiasts who consider the victory so decisive and enduring as to settle the political complexion of our commonwealth for all time to come. But it must be remembered the republicans are an elastic, persistent sort. They will lie in wait hoping the democrats will make enough mistakes to embarrass themselves in the state election next year.

Such mistakes could be made by deeds either committed or omitted. People do not hold to party with the blind zeal they once did. Logically, party tenure should be particularly precarious here in this cosmopolitan commonwealth—a composite, as it is, of all sections and of all nationalities. A majority of these people will not tolerate either corruption or carelessness in any dominant party.

The democratic organization of Oklahoma starts out clean. It has won a brilliant victory. It told the people what it stood for. The people believed it sincere and stamped to its standard. But democracy can not play with its power, neither can it rest upon its oars and expect smooth sailing. A great task confronts it, a tremendous responsibility. Negative virtues are not sufficient; positive virtues, clean, constructive labors are demanded. The task of building a constitution for this new state is both stupendous and delicate. There will be a variety of plans submitted; some must be rejected; some enemies must be made. Let those enemies be such that by the honest masses of the people democracy will be "loved for the enemies it shall have made."

There is just reason to believe our party will prove true to the high trust reposed. It has conscience, character, talent. It can be depended upon to be ever vigilant against snares, ever aggressive for good. In which event our party will be perpetuated in power, controlling the destinies of Old Glory's newest and brightest star.

Won't Henry Asp be lonesome in the constitutional convention?

If you are not yet certain as to what caused the big landslide, you may safely ascribe it to the preponderance of democratic votes.

Can not say positively whether another fire has occurred in Ada today. Neither bell nor whistle has yet been provided for alarm.

A bit singular, of the two delegate districts last to be heard from, the one down next to Arkansas and Texas should go republican and the one up next to Kansas should go democratic.

ELECTION CONTESTS FILED

Several Candidates Disatisfied With The Returns

Muskogee, Nov. 9.—The first contest by a defeated candidate in the recent election was filed by T. C. Harrell (dem) of Wagoner, I. T. in the 71st district with the districting and canvassing board in this city. James A. Harris who defeated Mr. Harrell alleges that the judges and clerks in one of the precincts were not sworn, and that they so reported in writing.

C. J. Jones (colored) candidate for delegate to the constitutional convention in the 76th district has served notice on the districting board that he will contest the election of C. N. Haskell (dem) who defeated him by over 1,000 votes. His reason is that the negroes were not permitted to vote by the judges.

S. A. Weeks has filed a contest with the election board in the 103rd district. He claims that more votes were cast in one precinct than were there.

Dear Sir:—We manage to get some fun out of paint. J. H. Kohlmeier, Grove City, Pa., put in Devoe. Along came a salesman of somebody else's paint before ours had got there. Salesman said ours was short measure. Kohlmeier weakened, hung fire and flopped ours and took his.

It was our turn now. We emptied our can into his and his into ours. The short measure was his not ours; and we kept our man.

"And, ever since then, that paint-facturer gives full measure; his paint is not pure but his gallon contain four quarts.

OVERDRAFTS

It is becoming well known by business men that overdrafts, whether large or small, are not approved by the comptroller of the currency. The large central banks allow overdrafts only in a very small way, and this, it matters not how small, is not approved by the powers that be. This unbusinesslike habit of overdrafts grew out of advancing on moving products, such as cotton, grain and fat stock on the move. The overdraft system is wrong and the man whose account is always overdrawn is the man who spends more money than he makes and will finally have no bank account.

FOR SALE—I want to sell at once some good dwelling houses situated close in at a price which I estimate is only one half their real worth and for an amount less than they cost four years ago. When Ada property was cheap I purchased them at a bargain. Buy now and double your money by spring. I also desire to sell, and at once for about one half of estimated real worth, to one able to hold them, a one fourth interest in about 80 lots in Sunrise addition; also four lots, the very prettiest in town, just in front of Tom Hope's residence.

I offer my brick building on Broadway and 12th street for which a fair and permanent rental is guaranteed for cost. I consider that this property was bought at a very low price.

## WEAVER EXPLAINS HOW IT WAS.

Delegate from the 87th interviewed in Oklahoma City.

"Henry Asp and the fear of railroad domination in the constitutional convention had as much to do with the defeat of the republican nominees and the cause of the Democratic landslide in Tuesday's election as any of the other in the campaign, in my opinion," said Carlton Weaver, democratic delegate from the 87th district, who reached the city last night from Ada, I. T. Mr. Weaver will go to Guthrie this morning with Prof. J. S. Buchanan of the State University, who was chosen as the delegate from the 34th district, and then will go to Norman where he will spend a week in the state university library.

"The hatred toward Secretary of Interior Hitchcock in Indian Territory is much more than it is in Oklahoma and this, with the repeated cry of carpet-bagism, court house ring, and the promises of the democratic nominees that they favored the initiative and referendum, the insertion of a plank in the constitution providing for separate coaches, separate schools and separate waiting rooms, and the race issue were potent factors in the result. That the voters responded to the clarion call of democracy is evidenced by the overwhelming victory. We will keep our promises to the voters. It means everything to do so and there will be no wavering along the line."

Mr. Weaver will be the youngest member of the convention, being now twenty-four years old. Last year he was a student at the state university. In the primary election for the nomination he defeated three prominent Democrats and in Tuesday's election demonstrated his ability as a vote-getter by winning by a plurality of more than eight hundred over his opponent.—Oklahoman.

### An Echo of Another Age.

With the rolling of the years the human race gradually evolves. Evolves to the extent, at least, that man's reason gradually exterminates superstitions.

It is now centuries since Salem tortured its witches; decades since the emancipation of southern slaves whose simple minds teemed with petty superstitions. And yet in the minds of us all there lurk vestiges of those primitive frights and fancies. Who of us enjoys hearing the uncanny hoot of a screech owl near by? Who of us can, with absolute equanimity, alone at midnight, approach a country churchyard?

Just last evening the News man by chance observed two of Ada's most efficient young lady school teachers starting for a walk, on a mission more or less important. At the first corner they suddenly halted, one of them pointing a tremulous finger at the sidewalk ahead. Without parley, with one accord the twin right-about-faced and went straight back home. Curious to learn the cause of the stroll's interruption, the News man looked closer in the direction indicated by the smooth, shining finger. The cause was obvious. A cat—a small cat—a tiny black kitten had crossed the damsel's path and sat blinking in the rays of the electric light! The observer knew it was useless to offer his good offices. The stroll was inexorably off and no gallantry on his part could break the hoodoo for that night. So he laughed, and as he drove on he heard a merry, responsive peal from the feminine figures that passed back in the night.

If everybody knew all the goods we have to sell and how cheap we sell them I verily believe that it would more than double the volume of our business. Hence I am very anxious that the people know what we have to sell and how cheap we sell it. Bear in mind that it is not the lowest priced goods that are really the cheapest, but it is the best value at the price.
